SPORTS

MILWAUKEE BOYS PLAY GOOD BALL

TENNYSON IMPROVED.

Of all sad words
These are the worst:
"Back to the bench!"
"You're out on first!"
—Washington Star.

Although the baseball team of the U. S. S. Milwaukee went down to defeat yesterday afternoon at the league grounds at the hands of the crack Santa Clara team, they played baseball from start to finish, and the lucky ones who journeyed out to the game were thoroughly satisfied with the style of ball presented. The sailor lads fought bravely for nine innings, but unfortunate errors on their part made it possible for the collegians to make ten complete rounds of the bases, while the crack navy men were only able to make two.

The game started with the men-of-war's men at the bat, and when the inning was over the score stood 2-0 in their favor. Three runs in the second, four in the fifth, and three in the eighth gave the Santa Claras the game, but they had to fight for them at every stage of the battle. Seegar did excellent work in the box and if the rest of the team had given him the support necessary the game might have ended differently. Although the college boys were returned winners, the vanquished deserve great credit for the way they played, and if they could stay longer and get more practice, they would fight any team in Honolulu a good fight for honors. The summary of the game follows:

Golfers will no doubt be on hand in large numbers on Saturday and Sunday at the Country Club, when the remaining matches for the McInerney Cup will be played.

An interesting game of baseball was played yesterday afternoon before a large number of spectators on the lot adjoining E. O. Hall's store, the teams being the Insides and the Outsides. The score ended 22-12 in favor of the Outsides.

Baseball will be the main sporting event Saturday afternoon at the league grounds. The teams furnishing the amusement to the fans will be the Kams, vs. Kelos, and Puns vs. Santa Claras. These games should be well worth going to see, as every team has been working overtime this week getting in shape for the games. Bill Hampton will be in the box for the Puns, while Dick Reuter will act for the Kams in the same capacity. The Kelos and Santa Claras will have the same line-up as they have had in all their games, while the local team will have their usual line-up. If the Kams play as they did last week the Kelos ought to win, but the Kams are determined not to play any more like they did last week. Berger will be on hand with the band to keep every one in good humor, and some classy ball is looked for.

The weekly shoots of the Hawaiian Gun Club will probably be resumed next month.

If enough members of the Honolulu Cricket Club turn out Saturday afternoon at the Makiki grounds, a game of cricket will be played. All visiting

A DAY FOR AUTOS

PLANS TO HAVE A RACE CARNIVAL AT KAPIOLANI PARK ON LABOR DAY.

Some of the local lovers of automobile are talking about holding a race carnival at Kapiolani Park on Labor Day. For the sake of the sport and to create an interest in the racing game here in Hawaii, it would be a very good thing to have some races, providing of course that the track is put in better condition than it is at present. Of course high speed could not be made as the corners as they are not banked, but good speed can be made on the straightaways, and that would be interesting enough. Have a five, ten, twenty, and fifty mile race and the largest crowd ever present at the track will be on hand, as the Pacific fleet will be here then, and the men love sport of any kind.

There have only been a few races here in Honolulu and there is no reason in the world why we should not have auto racing, as there are a good many good cars here which could easily be made ready for a race. The Automobile Club will probably take some definite action in the near future on the proposed meet, and the details published later.

Cricketers are cordially invited to be present and take part in the game.

There is a chance of some horse races being held at the Park Saturday afternoon. Leahy Girl is ready to race any horse, and any owner wishing to arrange a race can do so by communicating with her owner, Ben Hollinger.

The latest athletic club in Honolulu, the White Sox, will give their first dance at K. of P. hall Saturday night, at which time one of the largest crowds of the year are expected to be on hand. The tickets are fifty cents for men, and ladies will of course be admitted free.

Since Manager McKenzie of the Santa Claras mentioned rugby football as played in England, there has been a good deal of talk among the players here about organizing a team, and there are good chances for a number of teams being formed in the near future to play the game. Rugby in England is much different from our great game, and now that some of our American Universities have taken it up, it promises to become quite the rage in intercollegiate sport. There are a number of good men here who have played American football, and it would not take them very long to learn the other game. The only thing to assure the game being played here is for some one to take the initiative and start the ball rolling.

There is some talk among the baseball fans about a picked team from Hawaii going up to the Coast this fall and playing a series of games with the best teams on the Coast. Such a trip would be a great ad for Hawaii, and it is safe to say that our boys would be able to give any team on the Coast a good run for their money. Take Joy, Fernandez, Hampton, Reuter, Vannatta, the Bruns brothers, En Sue, Kia, Aylett, Bushnell, Lyman, Jones and Davis, and pick a team from them and they would be able to play with any one team that ever played the great national game. It is understood that letters have been written and sent to the Coast relative to such a trip, and the players themselves are waiting patiently for some word which will make the trip possible.

REFLECTION OF A BATCHELOR.

A very useful thing about any patent arrangement you buy is it makes you suspicious of all others.

A woman's idea of the difference between painting her face and just touching up her cheeks is when she does it.

The thing that makes a woman proud of her son is that he can look like his father, but be ever so much more like her.

A good thing for a man about a big family is he is never tempted to spend his money on anything else that will get him into more trouble.—From the New York Press.

Senator Foraker could not be trusted to deliver the keynote. He would be certain to thump hard on the black keys.
